

GFEV(A500)ANL Automotive bolt-on fuse holder

1. GFEV(A500) Product Dimension Diagram

GFEV(A500)ANL Automotive bolt-on fuse holder

2. Product introduction

1. Product Brand and Model Name: GFEFUSE® GFEV(A500)ANL Automotive bolt-on fuse holder
2. Base Material: PBT Top Cover: PC
3. Hardware Contact: 8.8 Grade Carbon Steel (Gold-plated)
4. Rated voltage; 12V-250V (AC) DC
5. Rated current; 30A-500A (DC)
6. Flame Retardant Grade: UL-94V0
7. Voltage withstand: 1500V (DC)
8. Matching Melt: GFEFUSE® (ANL-A® series fork bolt automobile fuses)
9. Practical Scope: Instrument, Ship, Chong New Energy Automobile Assembly, Mobile Power Supply, Energy Storage Battery, Automotive Battery, Automotive Audio and RV Refitting

Note: No change in product size is notified. If you have any questions, please contact the sales consultant.
