

GFEV(C04)Modular MIDI bolt-down fuse holder

Product Specifications

1. Product Model: GFEV(C04) Modular MIDI Bolt-Down Fuse Holder (4-input, 4-output / 4-circuit)
2. Compatible with: MIDI Bolt-Down Fuses (42mm in length)
3. Operating Current: 30A – 200A (DC)
4. Maximum Voltage: 125V
5. Material: Base made of PA66
6. Fastening: M5 bolts
7. Operating Temperature Range: -25° C to +125° C
8. Applications: DC power systems for automobiles, RVs, new energy vehicles, electric motorcycles, etc.
